

AEC Plenary Meeting

Stephan Caspar

Merons: How to identify the carriers of topological charge

Konrad Nesteruk

New concepts for proton-therapy gantries

Ivo Schulthess

Fundamental neutron physics at low energy

Yuta Sekiguchi

Stringy duality and classical integrability

James Sinclair

DUNE and LBNF

Thomas Teubner

g-2 of the muon and electron: anomalous anomalies

September 3, 2019

9:15-17:00

Hauptgebäude

Room 120
